Engraved Paver Program

Have you ever wanted to tell the world about someone or something that is important to you, or that you think should never be forgotten?

Here is your opportunity to pay tribute, or to make sure no one ever forgets.

During the fall of 2017, Central Park in Channahon underwent a major renovation. One part of the renovation is the Sensory Garden, a beautiful collection of flowering perennials, a walking path, and a seat wall with paved area. The garden invites us to use all of our senses, to explore the gifts of nature, and take time for introspection. Come to the Sensory Garden to slow down, meditate, and reflect on what is important in life.

Paver Options

You can purchase an engraved paver to share an event or accomplishment with all who visit the Sensory Garden.

Choose from two sizes of locally made Unilock "Brussels Block" brick pavers in the Coffee Creek color palette.

Standard Stones are approximately 6.75" x 8.25" and fit 4 lines of text with a maximum of 13 characters per line.

Larger, XL Stones are approximately 8.25" x 13.75" and fit up to 6 lines of text, with a maximum of 16 characters per line.

Orders are taken in two time periods:
